JoburgPlaces is a curated Joburg inner-city story-telling and tour business. The Pubs, Bars & Rooftops tour is a curated experience that involves storytelling about the city's history and regeneration along the way. The R430 fee covers the tour guiding experience and the bus transport as we take you from spot to spot. We stop at six bars. **Cost of actual drinks and food is for your own account along the way.**

We have taken 16000 people on walking and experience tours such as this in the last six years and you can be assured of an unforgettable day that will make you fall in love with the inner-city.

The tour starts at 2pm with a welcome introduction by Gerald Garner. We then leave by bus to the various stops. We strongly recommend that you have a large lunch BEFORE the tour, either at home or at our starting point as we only spend 45 minutes at each stop and with a large group it can be a challenge to order and get serviced food in time during the tour.

The tour is history intensive, focusing on the establishment, downfall and regeneration of the inner-city. If you are merely looking for a drinking experience, this tour is not for you as it involves extensive story-telling. At the same time, the tour is frenetic and energetic, sharing in the youthful vibrancy of the inner-city. Do expect some loud party music along the way!
